Thank you for your support—and Go Mountaineers!

MAST TESTING

The second window for MAST Testing for students in Grades 3–8 will be from January 12th through March 6th. Students will be assessed in both reading and math. The ultimate goal with the “through year” model is to support the formative instructional process that is closer to the local decisions required to support teaching and learning needs. Rather than a single end-of-year assessment, the MAST assessment is broken up into smaller testlets over the course of the academic year. The “Through-Year Assessment” design benefits students, teachers, parents, and administrators by more closely aligning assessment with instruction while providing actionable data throughout the school year.

ATHLETIC VOLUNTEERS

It takes a team to make our athletic programs run effectively! We rely on volunteers to step in as clock keepers, bookkeepers, shot clock operators, and more! Please consider giving your time to support our student-athletes and keep our programs strong!

The Montana High School Association is also looking for refs for all of Montana’s interscholastic athletic programs! Consider becoming a part of the Montana Officials Association. Contact Mr. Gondeiro for more information or to volunteer at bgondeiro@highwood.k12.mt.us.

GOOD NEWS CLUB UPDATE

We are excited to start Good News Club for the new year on Wednesday, January 14th. We will go until Wednesday, April 15th. HIGHWOOD COMMERCIAL CLUB MEETING

The Highwood Commercial Club's annual meeting date is set for **Sunday, January 25th at 3:00 PM.** The Commercial Club is responsible for the upkeep and organization of the Highwood Community Hall, as well as maintaining the property by Highwood Creek. Everyone is encouraged to attend as we discuss current and any upcoming maintenance needed. We also want to thank all our donors from 2025 as it is from your generosity that we are able to maintain, upkeep, and pay utility bills for the hall. Thank you!

GYM AVAILABILITY

Basketball season is here! With practices, Little Dribbler practices, and Open Gym taking place, please be sure to check the 25–26 Active Calendar on the school website before using the gym to see what is already scheduled. You may also contact the school office, and we will be happy to help schedule a time for gym usage.

NATIONAL ASSESSMENT OF EDUCATIONAL PROGRESS TESTING

Highwood School will participate in the National Assessment of Educational Progress (NAEP) on Wednesday, February 4th, 2026. NAEP is the largest nationally representative and continuing assessment of what students know and can do in various subjects. NAEP is different from our state assessments because it is a common measure of achievement across the country. All 4th Grade Students will take either a math or reading assessment. While the assessment is voluntary, NAEP depends on student participation to help policy-makers improve education. If you do not wish for your child to participate, please notify the school in writing by Monday, January 26th, 2026. Thank you!

SEEKING PUZZLE DONATIONS FOR MS. ANDERSON'S CLASSROOM

Ms. Anderson's Middle School Math classroom is seeking puzzle donations! This simple activity has quickly become a favorite in the classroom, offering a fun and engaging way to keep their brains active and thinking critically. Puzzles help students strengthen problem-solving skills, improve spatial reasoning, and develop perseverance. If you have gently used jigsaw puzzles, logic puzzles, brainteasers, or puzzle books at home that you're willing to donate, Ms. Anderson and her students would be incredibly grateful. Donations can be dropped off at the school office or sent with your student. Thank you for supporting our students' learning!
